

Where beekeepers get the knowledge to share the knowledge!

# Did you know . . .

It takes 2 million flowers to make

One pound of honey?

. . . Worker bees are all female?

. . . The Romans used honey to pay their taxes?

. . . Nearly 1 million tons of honey is produced worldwide each year?

## Who should take a beekeeping class:

- the novice, the curious
- if you have a few hives but want to get connected to a local group of beekeepers or want to learn the ABC's of beekeeping
- if you want to re-establish an apiary after a period of time or have moved from another area & just want to get involved again & learn what works in beekeeping in Shelby County, AL
- the thrill and challenge of beekeeping
- you want to learn about this curious pollinating insect and all the intricacies of it all
- the gardener or those learning about master gardening
- your relatives such as grandparents, parents were beekeepers and you want to carry on the tradition
- you love honey and all its benefits.

Join us these 7 weeks in 2026!

**What you will learn:** How to assemble a hive box & how the parts work together. How to purchase honey bees & queens. How to extract honey. The life cycle of honey bees. You will meet local beekeepers. Learn how & why honey is good for you. Learn some history of honey & its benefits. You will learn about all these interesting facts & much, much more!

Complete the form or go online and register. The cost is only \$85 per person and \$35 additional if you bring someone with you & includes 1 year membership to the SCBA.

**Sign up now, space is limited!**
